Live. Love. Design.

SoFlo Home Design Offers Trend-Setting Kitchen and Bath Design in West Palm Beach and Beyond

Miami, FL, March 18, 2013 —SoFlo Home Design is one of West Palm Beach's best kept secrets, but that is about to change. With an eclectic showroom, unique new offerings, customizable options and a luxurious sense of style, owner Jamie Janson and her partner-husband Erik Wietholter are primed to become South Florida's go-to kitchen & bath design team.

Jamie and Erik aim to accommodate discerning design tastes in the tri-county area and beyond with a brilliant array of design options, specializing in kitchens and bath with a focus on redesigns and remodels. SoFlo Home Design's power couple utilizes their ten+ years of design and project management expertise to provide a first class project every step of the way.

SoFlo Home Design's showroom, located at 524 Datura Street #103, West Palm Beach, displays a multitude of countertop and cabinetry options from Medallion, Kith, Design Craft and more. They also incorporate unique materials such as gem filled Cambria and exotic woods like Birdseye Maple, Wenge, Anigre and Rosewood. Also popular are SoFlo Home Design's one-of-a-kind cabinet doors, which can be created in unlimited options from solid paint colors to patterns and images, all hand painted by a local artist.

SoFlo Home Design knows the secret to success is not only in high-quality work, but also in creating strong relationships. The concierge design style service offers consulting to help choose materials for everything from the foundation to the roof tiles, always with a posh and personal touch. SoFlo Home Design offers unparalleled service with Erik Wietholter serving as on-site Project Manager. Erik oversees every project from inception to completion, working closely with the client, contractors and manufacturers. He provides peace of mind and ensures that no stone is left unturned (or un-designed). Client happiness is guaranteed.

Encompassing Jamie Janson's passion for trend-setting design is her blog, located at <http://soflohomedesign.wordpress.com/blog>. There you will find design tips and tricks along with gorgeous photos to help inspire and guide design planning.

Services and product information is available www.soflohomedesign.com.
SoFlo Home Design invites you to follow them on Twitter or Facebook at
