

**Four-Legged Fitness Fun!**

You and your pets may reside in a rural area or a sprawling metropolis. Wherever you live, an actively fit lifestyle is so important for overall good health and well-being that a busy person might even consider enrolling their pet in a gym.

**DID YOU KNOW?**  
 76 percent of Americans exercise with their pets daily.  
 Source: petMD

This issue covers health and exercise for both you and your pets. Our feature story highlights one of the most common forms of fit play for your canine, while our top ten list features breeds best suited for enjoying on-the-go lifestyles by matching speed, endurance, or just plain obedience. Read on to find out what health problems to watch out for while working out, or which playful breeds love to display acrobatics. Keep those tails wagging and that body in shape - yours and your pet's!
