Pet Diagnosed With Diabetes? Don't Go Into a Tailspin!

If a concerned run to the vet has yielded a diagnosis that your pet has diabetes, don't panic. This week's issue features the personal account of a caring individual who has successfully managed the chronic illness with several of her feline companions. Our health and blog sections, meanwhile, are dedicated to discerning the symptoms of diabetes, as well as how to vigilantly tend to your pet's well being.

Diabetes is not a death sentence, but the earlier diabetes is managed, the better your pet's quality of life will be.
